- Alliant Energy
- American Extractions
- CCI
- DLG Naturals
- IKI Manufacturing
- JP Cullen
- Prent
- Seneca Foods Corp
- Shine
- SSI Technologies

EXTERN FEEDBACK

WOULD YOU ENCOURAGE OTHERS TO PARTICIPATE?

“ Each group of employees had a very different set of skills to perform their particular job. I was very surprised by the diverse pathways the employees took to reach their positions. For some it was moving from high school to college; others it was an apprenticeship into the trades; and then there were others that transitioned from entry-level into more advanced positions. ”

–Rock Extern

“ I would absolutely recommend the externship program. Since I transitioned into my teaching career immediately following college, my non-education work experience is limited. Now, because of the externship experience, I have tangible and diverse examples that can be used to connect academic content to student career planning. ”

–Rock Extern

“ This experience was one of the most rewarding things I have done in my career. I learned so much and I know it will be very useful knowledge as a high school teacher. ”

–Rock Extern

Through the Rock Externship Program, high school staff have the ability to immerse themselves in business environments and shadow specific occupations and/or disciplines for one week during the summer. The information and experiences gleaned from this focused engagement will be incorporated into academic lesson planning and related curricula delivery models.

WHAT WOULD YOU CHANGE?

“ I wish we had more time to explore! This was such a great experience and I wish I could have spent all summer doing it. ”

–Rock Extern

Thank you to our sponsors of the Rock Externship program!
