STUDENT COMMENTS

“ I was nervous on my first day, but everyone welcomed me and made me feel like part of the team. By the end of the second week, I felt like I truly belonged. ”

“ Before this internship, I had never worked in a professional setting. Now I know what employers expect and feel much more prepared for my future. ”

“ This program gave me a head start. I now have experience, professional references, and a better understanding of what I want to do after graduation. ”

“ I improved my communication skills, learned how to work with different people, and became more comfortable solving problems on my own. ”
