Describe how the internship reinforced your career interests or convinced you to consider other careers.

While doing this internship I learned so much about the Jail/Law Enforcement Academies and it helped me want to improve my career with law enforcement.

If a friend asks you about your internship experience, what would you say?

I would tell them that its the best thing that has happened to me because it will help me in the future.

2019 ROCK INTERNSHIP PROGRAM

List three things that you've learned in your internship.

1. Setting up cameras and lighting for interviews, and also how to use them.
2. Creating storyboards.
3. How to use different illustrator/video programs such as Adobe.

Describe how the internship reinforced your career interests or convinced you to consider other careers.

1. My internship has convinced me to consider a new career interest.
2. I have learned that Graphic Design may not be my passion.
3. Working on computers and creating shapes and logos in creative programs I have found does not interest me.
4. Overall I am glad I was able to find this out now rather than later in college.

If a friend asks you about your internship experience, what would you say?

1. I would tell them that it was a wonderful experience and that I learned how to do so many things in my area of interest, such as what it was like to work in a professional office setting.
2. If they ever are given the opportunity to do an internship-take advantage of it!
